

# Little Birdie Chords by The Stanley Brothers

Difficulty: absolute beginner

Tuning: E A D G B E

## CHORDS

"Little Birdy"

**D**  
Little birdy, little birdy  
**A** **D**  
Won't you sing to me your song  
**D**  
Got a short time to stay here  
**A** **D**  
And a long time to be gone

**D**  
I'd rather be in some dark hollow  
**A** **D**  
Where the sun don't ever shine  
**D**  
Than for you to be another man's darling  
**A** **D**  
And to know that you'd never be mine

**D**  
Little birdy, little birdy  
**A** **D**  
What makes you fly so high  
**D**  
When you know that my true lover  
**A** **D**  
Is a-waiting in the sky

**D**  
I'm a long way from old Dixie  
**A** **D**  
And my old Kentucky home  
**D**  
Got no father or mother  
**A** **D**  
No place to call my home

**D**  
Little birdy, little birdy  
**A** **D**  
What makes your head so red  
**D**  
Well, after all that I been through  
**A** **D**  
It's a wonder I ain't dead

**D**  
Married woman, married woman  
**A** **D**  
Why don't you settle down  
**D**  
Your heart's like the little birdy's  
**A** **D**  
You're flying all a-round

**D**  
Little birdy, little birdy  
**A** **D**  
Won't you sing to me your song  
**D**  
You've caused me lots of trouble  
**A** **D**  
You've caused me to do wrong
