

# Steam Powered Aereo Plane in G

(Instrumentals can be anywhere)

Verse 1:

Well I dreamt I went a way on a steam powered aeroplane.

I went and stayed and I damn near didn't come back again.

Didn't go very fast on a steam powered aeroplane,

Oh the wheels went around, up and down, and inside and then

back again.

Bridge 1:

Sittin' in a 747 just watching them clouds roll by,

Can't tell if it sunshine or it's rain.

Rather be sittin' in a deck chair high up over Kansas City,

On a genuine old-fashioned authentic steam powered aero plane.

## Steam Powered Aereo Plane - 2

### Verse 2:

Well I'd like to be a pi-lot on a steam powered aeroplane.

Well I'd pull that pilot wheel around and then back again.

Well, I'd wear a blue hat, yeah, that says Steam Powered Aeroplane

With letters that go all around the rim and then back again.

### Bridge 2:

Sittin' in a 747 just watching them clouds roll by,

Can't tell if it sunshine or it's rain.

Rather be sittin' in a deck chair high up over Kansas City,

On a genuine old-fashioned authentic steam powered aero plane.
