```
And it ain't no use in turning on your light, babe
E7/G#
    I'm on the dark side of the road
But I wish there was somethin' you would do or say
                            E7/G#
To try and make me change my mind and stay
                         Bm
But we never did too much talking anyway
But don't think twice, it's all right.

                                         Bm
     D
So it ain't no use in calling out my name, gal
Like you never done before
And it ain't no use in calling out my name, gal
E7/G#
    I can't hear you any more
I'm athinking and awonderin' walking down the road
                            E7/G#
I once loved a woman, a child I am told
                              Bm
I gave her my heart but she wanted my soul
But don't think twice, it's all right.

[Verse 4]
D A
So long honey, baby
                            DA
Where I'm bound, I can't tell
Goodbye's too good a word, babe
E7/G#
    So I'll just say fare thee well
I ain't asaying you treated me unkind
                              E7/G#
You could have done better but I don't mind
```
