When pick/strumming the chords, you start on the lower root note.  
e.g. on the A Chord, pluck on the A string, then the E string.  
Should sound something like this:

```
      A           A           D
e|---0---0-----0---0-----2---2---2---2---|
B|---2---2-----2---2-----3---3---3---3---|
G|---2---2-----2---2-----2---2---2---2---|
D|---2---2-----2---2-----0-----0-----0---|
A|---0-----0-----0---0-2-4-----0-----0---|
E|---0-----0-2-4-----0-----0-----0-----|
```

To get from the D Chord back to the A Chord:

```
      D           A
e|---2---2-----0---0---|
B|---3---3-----2---2---|
G|---2---2-----2---2---|
D|---0-----0---0---2---2---|
A|---0-----4-2-0-----0---|
E|-----0-----0-----|
```

Hope this makes sense.

Of course you can just strum the chords if you choose to.
