[Verse 1]

C G C C7 F C  
She stood on the beach alone and gazed at the misty blue  
C7 F C G C  
Saying, "Sea, as you hold him to your breast, does he mention my name to you?"  
C G C C7 F C C7  
Oh, where is my sailor boy? Where is my sailor boy?  
F C G C  
He sleeps at the bottom of the deep blue sea and he can't come back to me.

[Chorus]

C G C G C  
Oh, what does the deep sea say? What does the deep sea say?  
C G F F  
It moans, it groans, it splashes and it foams,  
C G C  
And it rolls on its weary way

[Instrumental]

C G C C7 F C C7  
F C G C

[Verse 2]

C G C C7 F C C7  
Oh please tell me deep blue sea is he sleeping peacefully  
F C G C  
For the winds from the north are blowing icy cold. Can you keep him warm for me?  
C G C C7 F C C7  
If only my grieving soul some token of love could find  
F C G C  
If only the waves could show me where he sleeps then I'd leave this world behind.

[Chorus]

C G C G C  
Oh, what does the deep sea say? What does the deep sea say?  
C G F F

It moans, it groans, it splashes and it foams,

          C                  G      C  
And it rolls on its weary way.

[Verse 3]

          C                  G          C  C7  F                          C      C7  
A beautiful rose one day I placed on the crest of a wave  
                  F                          C                          G      C  
And I said take it please and let it settle home above his watery grave.  
          C                  G          C  C7      F                          C      C7  
The driftwood I've watched in vain, and my rose never came back again  
          F                          C                          G      C  
So waves take another message to my love tell him I'll meet him above.

[Outro]

          C                  G          C                          G      C  
Oh, what does the deep sea say? What does the deep sea say?  
          C                  G          F                          F  
It guards and keeps my lover where he sleeps  
N.C.  C  
And it rolls on its weary way.
